

# LOGESHWARAN V

Full Stack Developer | JavaScript | Next.js | Scalable Systems | Product Engineering  
7010198963 | logeshwaranvelmurugan@gmail.com | [Linkedin](#)

## SUMMARY

Full Stack Developer with 1.5+ years of professional experience (2+ years including part-time) building scalable and high-performance web applications. Skilled in JavaScript, React.js, Next.js, and PHP with a solid foundation in data structures, algorithms, and distributed systems. Experienced in API design, testing automation, and Agile development. Proven record of delivering user-focused features, optimizing performance, and owning components end-to-end.

## WORK EXPERIENCE

### Full Stack Developer — *Easy2Work, Chennai*

May 2024 - Present

- Led development of a client-facing CRM using Next.js and PHP, reducing customer feedback loops by 30% through better UX and faster deployments.
- Architected and deployed RESTful APIs hosted on Vercel, improving backend response times by 40% with query optimization and caching.
- Built a Cypress automation suite reducing regression bugs by 50%, strengthening CI/CD reliability
- Developed a full-stack Nutrition Analysis App integrating Gemini AI API, enabling intelligent dietary recommendations.
- Designed Android-native apps using React + Capacitor with a serverless backend, improving cross-platform delivery.
- Enhanced UI/UX with Figma + Tailwind CSS, increasing mobile satisfaction scores by 35%.

### Full Stack Developer (Part-Time) — *Baleen Media, Chennai*

Oct 2023 - Apr 2024

- Contributed to a CRM system using Next.js + PHP, implementing critical modules and workflow improvements.
- Resolved 20+ production bugs in a legacy VB.NET CRM system, extending its operational lifespan.
- Designed mobile-first Figma prototypes, boosting pilot engagement by 40%.

## KEY PROJECTS & ACHIEVEMENTS

- **Enterprise CRM Platform:** Built real-time client management system with workflow automation and analytics.
- **AI-Integrated Nutrition App:** Implemented scalable dietary analysis system with Gemini AI API integration.
- **Testing Framework:** Established Cypress automation reducing deployment risks by 50%.
